FOR FACTORY-DIRECT STOCK PROGRAM ORDERS:

1. \$1,000 minimum applies to all orders
2. 1 full pallet of each SKU for locked seam cookie tins & tapered pails

EXCEPTIONS: Seamless tins and accessories do not need to meet the full pallet/SKU requirement, however the \$1,000 minimum order still applies.

MIXED SIZES OR DESIGNS:

Mixed pallets & orders under \$1,000 will be serviced by our Stocking Distributors, who have built their businesses around selling specialty tins. Their tailored, hands-on approach has been the key to their continued success. With this partnership, we can provide excellent service to customers of all sizes, improve our accuracy and operate more efficiently.

SUSTAINABILITY

REDUCE WASTE TO LANDFILL:

Steel is an infinitely recyclable material. That means any grade of steel can be recycled repeatedly, to top quality new steel, without degradation. If a can is thrown away, it is retrieved by magnet during the waste separation process and then sold to a metal recycling facility.

RECYCLED CONTENT IN TINS:

Steel is a unique material because it almost always contains recycled content. The steel purchased to make our cans is made with at least 25% recycled steel and up to 60%.
